ABSTRACT OF THE REGULATIONS

OF THE

DEPARTMENT OF ARTS.

THE college year is divided into three terms; the *first* beginning on the 15th of September, and ending on the 24th of December; the *second* beginning on the 2d of January, and ending on the 31st of March; and the *third* beginning on the 2d of April, and ending on the last Thursday of June (Commencement day).

The course required for the Degree of Bachelor of Arts is the same for all students, during the Freshman and Sophomore years; but, at the beginning of the Junior year, an *election* may be made in certain departments, by each student, which election is binding for the two remaining years. All the studies in the "Department of Intellectual and Moral Philosophy," a portion of those in the "Department of Natural Philosophy and Chemistry" (viz., the *Science* of Chemistry, and such portions of Physics as can be pursued without Mathematical demonstrations), and a part of the studies in the "Department of History and English Literature," are *required*. The *Elective* studies are—

1. Either *Greek* or *German*, or *Spanish:*
2. Either *Latin*, or *French*, or *Italian:*
3. Either *Pure Mathematics* or advanced studies in *History and English Literature:*
4. Either *Applied Mathematics* or the *Applications of Physics and Chemistry to the Arts.*

A tabular statement of the studies in the several Departments will be found on the next page.

The students pursue either the full course, for the degree of Bachelor of Arts, or that portion of the course for which the degree of Bachelór of Science is given, or any such portion of the course as the Faculty may sanction, for which a certificate of proficiency may be given at the close of each session.

The students of the full course are distributed into four classes, viz: the Senior, the Junior, the Sophomore, and the Freshman Classes.

To be admitted into the Freshman Class, a student must be at least fourteen years of age, and qualified for examination on the following subjects and authors:—

Cæsar (First three Books of the Gallic War). Virgil (First six Books of the Æneid). Cicero (Four Orations against Catiline). Horace (First Book of the Odes). Xenophon (Four Books of the Anabasis). Homer (First three Books of the Iliad).

Quantity and scanning in each language.

Greek and Latin Exercises.

Ancient and Modern Geography.

English Grammar.

Arithmetic. Elementary Rules of Algebra, including Simple Equations. It is desirable that such students as design to pursue the scientific course, should also have studied the first six Books of Legendre's Geometry.

No student is admitted to advanced standing without being as fully instructed as the class, to which admission is asked, in all the studies which the class has pursued.

COURSE OF INSTRUCTION FOR THE DEGREE OF BACHELOR OF SCIENCE.

The degree of Bachelor of Science is given to such students as have attended all the courses in the Department of Mathematics, and in that of Natural Philosophy and Chemistry, and one course in Natural Theology and the Evidences of Christianity, with two courses in Modern Languages, or two courses in Intellectual and Moral Philosophy, or two courses in Physiology and Natural History.

On each day of the week, except Saturday, there are three recitations of one hour each for every class.

The character of each recitation is recorded, and the results communicated to parents or guardians at the end of each term.

At the close of the first and second terms, a private examination, in the way of review, is held by each Professor; and at the close of the third term, a public examination upon the studies of the whole year is held by the Faculty. After each of these examinations, students who attain distinction are classed in order of merit.

The fees for instruction in the full course of the Department of Arts are $35 per term, payable in advance. Scientific and other

students, who recite with one or more classes, are charged for each branch one-third of the fee charged to regular undergraduates. The Graduation fee is $20.

Two Literary Societies, consisting of students and alumni of the Institution, are sanctioned by the Board of Trustees, and meet in the University, being under the general control and supervision of the Faculty.

Students not from the City of Philadelphia, will, if it be requested by their parents, have one of the Faculty appointed as a guardian, who will take charge of the disbursements, and attend to the comfort and well-doing, of the individual.

The degree of Master of Arts may be conferred on the alumni of the University, bachelors in the arts of three years' standing, who apply for it. Such students as have received the degree of Bachelor of Science (of three years' standing) are entitled to the degree of Master of Science, on presenting to the Faculty a Thesis, which shall give satisfactory evidence that the author has continued to devote himself with success to science.

A public Commencement for conferring degrees, is held on the last Thursday of June.

A stated annual appropriation is made by the Board of Trustees, to enable the Faculty to offer *Prizes* for superiority in the performance of voluntary exercises, over and above the ordinary Course. The subjects are proposed by the several Professors early in the year; the award is made by the Faculty, and reported to the Board, before the month of June; and the names of those who have received Prizes are published at the annual Commencement.

In addition to the above, there is also a prize, called the "*Henry Reed Prize*," founded by the Alumni of the University in memory of the late Prof. Henry Reed, to be annually awarded for the best English composition by a member of the Senior Class, entitling the successful candidate to one year's interest on a certificate of loan issued by the City of Philadelphia, in the sum of $600, and also to an accompanying Diploma of Merit. The Essays must be handed in to the Provost, for transmission to the Board of Trustees, by the first day of April.

The Society of the Alumni have also founded a prize to be annually awarded to that member of the graduating class who shall present the best Latin composition, entitling the successful

candidate to one year's interest on Certificates of Loan, issued by the City of Philadelphia, in the sum of $900.

The Committee on the Department of Arts may admit, for gratuitous instruction in this Department, such pupils, not exceeding ten at any one time, as shall, after application to the Provost, have been examined and approved by the Faculty, and reported by the Provost as worthy of admission.

They are also exempted from the payment of fees upon attending a second term.

IV. When a candidate applies to the Dean for admission, he must exhibit his tickets to prove that the above rules have been complied with.

V. The candidate, at the time of his application, must deliver to the Dean of the Medical Faculty, a Thesis, composed by himself, on some medical subject. This Thesis is referred to one of the Professors, who shall examine the candidate upon it, and make his report thereon to the Medical Faculty.

VI. When a candidate is rejected, his essay will be retained by the Medical Faculty.

VII. The essay must be in the candidate's own handwriting, and must be written uniformly on letter-paper of the same size, the alternate pages being left blank.*

VIII. Bad spelling in a Thesis, or evidences of a want of literary culture, will preclude a candidate from examination for a degree.

IX. A Thesis may be published by the candidate if he desire it,

* The essay should be written upon Thesis paper. This is for the purpose of convenient binding together into volumes. It is recommended to the candidate to prepare his thesis before the commencement of the second course of lectures.

the permission of the Professor by whom he was examined thereon being first obtained; but no alteration shall be made in such thesis without the consent of the said Professor.

X. The voting on the case of each candidate is by ballot. Candidates who have not been successful upon a first examination, will be permitted to have a second, when all the classes have been disposed of by the Faculty. The second examination will be conducted in full meeting of the Professors.

XI. The candidate shall pay the fees of graduation at the time of his examination, or before receiving notice of his success; his name may then be entered on the Register of passed candidates, for the purpose of being reported to the Board of Trustees and included in the mandamus for a Degree.

XII. Candidates who have passed their examination, and in other respects complied with the regulations, are to be reported by the Dean to the Provost, who will communicate such report to the Board of Trustees, in order that, if approved of by them, their mandamus be issued for conferring the Degree.

XIII. The Degree will not be conferred upon a candidate who absents himself from the Public Commencement, except by special permission of the Medical Faculty.

XIV. Graduates of Medical Schools, on the *ad eundem* list, by attending one complete course in this Institution, and complying with the above regulations, are put upon the same footing with students who have attended two complete courses here; that is, they may present themselves as candidates for graduation: also, if they attend a second time, the tickets will be free. Such graduates, if of five years' standing, are permitted to attend the course of Lectures, upon a general ticket of admission, free of expense, except the cost of the matriculating ticket. But this general ticket does not qualify for graduation.

PRACTICAL ANATOMY.

The Dissecting Rooms are open in the University throughout the year (except July and August), under the superintendence of the Professor of Anatomy and the Demonstrator. As dissection is now legalized in Pennsylvania, the cost of *material* is very small.

PRACTICAL SURGERY.

The Operating Room is open during the Session under the supervision of the Professor of Surgery and his Assistants. The application of Bandages, the treatment of Fractures, and all Surgical Operations can be here practised by each student upon the cadaver. Instruments, splints, and bandages are supplied free of cost.

CLINICAL INSTRUCTION.

AMPLE means of illustrating and teaching CLINICAL MEDICINE AND SURGERY, and the DISEASES OF WOMEN AND CHILDREN, are presented in the various Hospitals and Dispensaries of Philadelphia. Clinical Lectures are also given by the PROFESSORS, IN THE UNIVERSITY HALL, four times each week, thus furnishing a course of instruction of a highly practical character.

UNIVERSITY DISPENSARY.

The Dispensary of the University is open daily, and largely attended by patients, who are prescribed for throughout the year, and affords an additional opportunity by which each student may acquire skill in the diagnosis and treatment of disease.

SURGICAL WARDS.

For the accommodation of such patients as require it, TWO SURGICAL WARDS, with proper attendants, are provided in the College Building, so that capital operations, as Lithotomy, Amputation, &c., are frequently performed, and subsequently dressed and prescribed for in the presence of the class.

HOSPITALS.

Numerous appointments, as INTERNES, or RESIDENT PHYSICIANS, are made annually in the different Hospitals of the city, and are open to competition by the class.

Clinical Instruction (*without fee*), is given throughout the year in the PHILADELPHIA HOSPITAL (Almshouse), which contains 900 beds. Instruction is also given at the PENNSYLVANIA HOSPITAL, EPISCOPAL HOSPITAL, ST. JOSEPH'S HOSPITAL, under the care of the Sisters of Charity, WILLS' HOSPITAL FOR THE EYE, CITY LYING-IN HOSPITAL, and the CHILDREN'S HOSPITAL.

Among the other Hospitals and Dispensaries accessible to the Student, may be named the PHILADELPHIA DISPENSARY, SOUTHERN DISPENSARY, MOYAMENSING DISPENSARY, and NORTHERN DISPENSARY, together with the GERMAN HOSPITAL, JEWISH HOSPITAL, and ST. FRANCIS' HOSPITAL.

REGULATIONS, Etc.,

OF THE

LAW DEPARTMENT OF THE UNIVERSITY OF PENNSYLVANIA.

It is the design of this Department to aid in preparing gentlemen for admission to the Bar, and, also, to offer to those who have not the Bar in view an opportunity of acquiring knowledge in any one or all of the branches of legal learning. The Conveyancer and the Merchant may attend, with profit, the particular lectures appropriate to their respective pursuits.

By late Rules of the District Court and Court of Common Pleas of the County of Philadelphia, the time occupied in this Department is considered, with respect to admission to the Bar, as equivalent to a like term of regular clerkship in the office and under the direction of a practising Attorney. It is believed that admission to the Bar in Philadelphia will entitle to admission in any part of Pennsylvania, and in many other States of the Union.

Gentlemen can study in their own rooms, or in a room at the University provided for that purpose.

The Professors do not presume to embrace in their course the peculiar laws and rules of procedure of all parts of the Union. Their design is so to discipline and prepare the mind by instruction in the principles of jurisprudence and their application in Pennsylvania, that other local codes can be acquired with facility and advantage. The foundations of the laws of most of the States are the same.

Students may matriculate at any stage of their professional preparation.

Students are not examined for matriculation, nor is it possible to require, peremptorily, a college degree, or any previous line of study. This must be left to circumstances, to the views of the student, and to the influences which control him.

Instruction is conveyed by lectures, and by books and portions of books upon the subjects of the lectures, which are recommended by the Professors. The students are frequently and carefully examined. Moot courts are held, at which questions are argued. And the Law Academy of Philadelphia, an institution of long standing, to which not only students, but many practising lawyers belong, gives opportunity for debate and argument which has been found of the greatest practical advantage. Exercises in writing legal essays and opinions form part of the course.

There are two terms each year. The first term begins on the first of October, the second on the first of February. Each term continues four months. From the first day of June to the first of October is vacation. The course is so arranged that a student entering at the commencement of any October term will complete his term of study in two academical years.

Students who have attended four consecutive terms with each Professor, may, upon the recommendation of the Faculty, proceed Bachelors of Law.

Students who have attended any one or two of the Professors only, may receive from each Professor certificates of proficiency.

The fee to each Professor is ten dollars for each term of four months. No matriculation fee is required.

In all cases where a student is a proper object for such indulgence, he will be allowed to attend the lectures without charge.

Those who have received the degree of Bachelor of Laws, may attend all future lectures free of charge.

ARRANGEMENT OF THE COURSE.

PROFESSOR SHARSWOOD

For the first term, beginning October 1, 1868, ending February 1, 1869, General Jurisprudence, International Law.

For the second term, beginning February 1, 1869, ending June 1, 1869, Sources of Municipal Law, Constitutional Law.

For the third term, beginning October 1, 1869, ending February 1, 1870, Law of Persons and Personal Property, Mercantile Law.

For the fourth term, beginning February 1, 1870, ending June 1, 1870, Mercantile Law, Law of Debtor and Creditor, Criminal Law, Conflict of Laws.

PROFESSOR MILLER

For the first term,	Real Estate.
For the second term,	Conveyancing.
For the third term,	Equity Jurisprudence.
For the fourth term,	Equity Jurisprudence.

PROFESSOR MORRIS

For the first term, as above,	Practice and Pleading at Law.
For the second term,	Practice and Pleading at Law.
For the third term,	Evidence.
For the fourth term,	Practice and Pleading in Equity.

The course for the four terms, beginning October 1, 1870, ending June 1, 1872, will be, unless some change is announced, a repetition of the above. It will be perceived, therefore, that a student entering on the 1st of October of any year, and continuing four terms, will have a complete course, though the studies will not be presented in the same order to him as to those who have entered in the previous October.

DEPARTMENT OF THE FINE ARTS.

THE course of instruction in this department comprises Drawing from the flat, from models, and from nature.

Linear and Aerial Perspective.

Figure Drawing from the flat, from plaster casts, and from nature.

Painting in Oil and Water Colors, from examples and from nature.

Exercises and explanatory class discourses on the Principles of Composition, Light and Shade, and Color, as well as on the various methods of Painting.

Lectures will be given also on the History and Principles of Art, illustrated by examples from works of the various schools and periods.

TERMS.

Pupils, not Students of the University, attending in class, $10 per term.

Private pupils, attending at the Studio of the Professor, will be charged according to the frequency of the lessons.

LIBRARY, MUSEUM, AND CABINETS.

THE apartment in the University occupied by the Board of Trustees, and that adjoining it to the westward, are appropriated for the reception and arrangement of the Library, and as Reading Rooms.

The Library is open for not less than two hours daily (Sundays excepted), for the use of the Students, Professors, Trustees, and Alumni of the University, and all persons connected with instruction in the several departments. It is under the care and in charge of the Professor of Belles Lettres and the English Language and Literature, subject to such rules and regulations as the Committee on the Library may adopt.

Permission may be granted, from time to time, to take books for a limited period from the Library, and to admit to its use other persons than those connected with the University, subject to such rules and regulations as the Committee on the Library may adopt.

Connected with the Medical Department is the WISTAR AND HORNER MUSEUM of specimens illustrative of the anatomy of every part of the human body, together with many others illustrative of most pathological conditions. This Museum having been annually augmented for over ONE HUNDRED YEARS, now furnishes a collection of normal and pathological specimens that is unequalled in the United States. It is freely used in illustrating the Medical Lectures. The ticket of matriculation in this Department entitles the holder to admission to the Museum, which is open on Wednesdays and Saturdays of each week, from 9 to 12 A. M., throughout the session.

The private Cabinets of the several Professors in the Medical Department, which are of the most extended and varied character, illustrating fully all the objects taught in medicine, are likewise open to the students, at convenient hours.
